Lumber Merchants,

A ND Manufacturers of Pines, Sassafras, I. Ranch, Poplar, Hickory, Cypress, and other Woods, also a few Chestnut, Poplar, and Pine Flooring, Poplar and Pine Flooring, Shingles, Good Boxes, and all sorts of Wood Boxes, Boards, etc., from the various Lumber Houses of every description. All work is done in our yards, and in shipping, and packed and labeled for market.

So constructed that the light can be varied in a manner to suit the wants of the customer.

The Couplings may be seen at the office of the Company, where a scale of prices may be obtained, and the price of each article will be given.

THE CRYSTAL OIL LAMP,
For Burning the Crystal Oil,
Combining Economy and Safety.

Patent Rights for States and Counties for Sale.

This lamp is not inferior to the cheapest

in price, and is not exceeded and offered to the public.

Numberless other attempts have been made to reduce a cheap light, but none have been successful, until this lamp, which is the cheapest, and which is entirely free from smoke or soot.

There is no danger from explosion, and it cannot be extinguished by blowing out the flame, — can be managed by the hand, — can be cleaned by decoloring, and makes what is so different in a lamp carriage, an excellent finish.

The Coupling is constructed of different materials from the common lamps, to admit of a much more rapid and safe burning of the oil.

Any person with a mathematical

mind, will be able to examine from the drawings, the different parts and construct a lamp.

The Coupling is made of a very strong

material, so constructed that the light can be varied in a manner to suit the wants of the customer.

As much Light for ONE CENT as Kerosene will

for THREE CENTS, or Burning Fluid will

for SIX CENTS.

The amount of the entire amount now ex-

isted, or the price of the lamp in all its parts.

This lamp is manufactured by a man

who has a full knowledge of the art.

It is the best lamp ever made.

It is the best lamp ever made.
